

European Plan

The European plan is the basic plan that gives you access to all of the necessary systems needed to run your business.

Semi All-Inclusive Plan

The Semi-All Inclusive Plan is perfect for the agent who wants to give their clients the ability to transact on their website and who is an occasional user of the Flight Centre Marketing Campaign vouchers, as 50% of any discounts offered on these is covered by FCI!

This plan also offers credits for any marketing collateral (including business cards) as well as financial support for any special marketing collateral you may want to create for your business!

If you want the ability to have a relationship with a Flight Centre store near you or to grow your business with sub-contractors, this is also the plan for you!

All-Inclusive Plan

The All Inclusive Plan is made for the agent who wants to take their marketing to the next level. Flight Centre campaign vouchers are covered 100% by FCI, bringing a huge value to your clients without costing you a penny! This level also gives you free registration to FCI conferences and events each year, a value of over \$200!

There is also free shipping of the FCI Marketing Kit for tradeshow and events and FedEx credits for other items if you need things shipped to you frequently.

The All-Inclusive Plan also offers you the ability to create customized reporting in ClientInq and if you are a heavy booker with Ticket Centre, we can send you personalized weekly Ticket Centre statements to help you better keep track of your business.

Last but not least, this plan also waives any registration fees associated with any FCI conference and events throughout the year; lots of value built into this for the agent who has FCI as their main source of income!

PHYSICAL SPACE

The Monthly Fees are charged quarterly in January, April, July and October.
 Fee Plan Changes are permitted twice a year: in the first two weeks of January and the first two weeks of July.
 At any point during the 6 month period, an agent can always move up to a different fee level should their needs change and pay any difference owing.
 Agent are not permitted to move down a fee level outside of the January and July time frames mentioned above.
